a. to understand the importance of saving the environment. b. processing the paper, plastic, glass and other materials to make them usable again. c. chemicals used against insects and plants to protect the crops. d. to make something dirty by dumping waste and throwing litter. e. goods that can be dissolved naturally and don't need special processing or recycling. 6. earth-friendly f. not harmful to the nature. g. to use materials and resources wisely with the purpose of saving 7. conserve resources air, water, land, forest.

Task 3 People from our city are organizing a manifestation to promote 'eco-friendly' awareness and being environmentally conscious. The event is promoted on Facebook and is to gather a couple hundreds of people in the downtown. The aim is to attract as much attention from the people and the media to the problem as possible. The activists have come up with slogans, but are lacking images and logos. Help them by creating a poster with one of the phrases given and illustrate it with some signs and pictures.

Task 4-6 | Grammar

• We remember eating natural food and you?

Look at the slogans in task 3 again and find gerund and infinitive forms. Then analyze the structures and match the rules 1-8 with the meanings a) or b).

want to achieve)

✓ Save

Task 4

Task 7 | CLASS ONLY Sofia Jirau has become the first Victoria's Secret model with Down syndrome. The girl started her modeling career in 2019, that's when she got the attention of VS. Before that the company was known to have refused to work with plus-size models. That's the reason some VS shows were canceled. Looks like the company's policy has been improved, right? What do you think about it? Do you think big name brands like that do enough to promote equality and inclusion? Prove your point. **sofiajirau** 612K followers
